

## **PowerBlade™ Cable Cutter**

- Versatile unit fits any drill that accepts a 3/8" drive shaft
- Cuts up to 750 MCM hard-drawn copper and up to 1,000 MCM aluminum
- Hardened steel blades ensure consistent cuts and long-term durability
- Rounded blade design minimizes cable distortion during cutting
- Ergonomic, non-slip handle provides excellent grip and comfort
- Exceptionally easy to use
- Great value compared to other battery or hydraulic cutters

**Attaches  
to any  
Drill!**

# PowerBlade™ Cable Cutter

Say goodbye to tired hands and awkward ratcheting cutters! The PowerBlade™ is extremely easy to operate and cuts through 750 MCM copper with ease. You no longer need to mess with bulky battery packs or special chargers because this unit works with the drill you already carry.

Heavy-duty gears and specially hardened blades make this a tool that will deliver the professional quality you have come to expect from IDEAL. The adjustable torque arm holds the drill in place, while the non-slip Santoprene® grip provides comfort and control as you effortlessly slice through cable.

Come experience the new PowerBlade™ for your cable cutting needs. Use it once and you'll never use anything else again!

Attaches to any cordless or corded drill (12V minimum)

Replaceable, hardened steel blades ensure consistent cuts and long-term durability

Rugged metal housing

\*Drill not included.

Adjustable torque arm holds drill in place

Contoured blade design minimizes cable distortion
